FIRST CLASS FILTRATION

WHOLE-HOME WATER FILTRATION

Cleaner water. Every tap, every day.

Filter incoming water before it reaches your household for cleaner, healthier living.

Better water. Better Living.

Everyday water

First Class systems remove nasty dirt, heavy metals and chlorine, resulting in healthier, better tasting water

Pet bowls

The same great tasting water you and your family drink has the same health benefits for your pets

Taps & appliances

City water can be contaminated. Removing unwanted particles can be safer for appliances and extend their performance

$4,200 installed*

Including GST - Professionally installed

Free home assessments across metropolitan Adelaide
